CARLETON  
COMMUNITY  
COMPLEX**

# FUNDRAISING CAMPAIGN

A project that will allow future generations to experience the opportunities of past generations

Dear Community Supporter,

After years of planning and support from a large and diverse set of dedicated volunteers and donors throughout Central Carleton, the Town of Hartland and surrounding communities are now building its new community complex.

A lot has happened to get us here. Our community led volunteer groups have coordinated their efforts with the Town of Hartland to commission building designs, apply for federal and provincial grants, and consult with First Nations communities. Residents in neighboring LSDs have pledged their support through a property tax increase. And on April 25 this year, elected representatives of the federal and provincial governments officially announced our project to the public.

Since that announcement, our Construction Committee has hired design and engineering firms and released its first RFP. The shovels are about to break ground this summer!

Individuals and local businesses have been generous in their contributions so far, but we still need to raise around \$1 million of our \$2.5 million goal. Receiving your support now will help us offset high prices in current markets for material and labor. It will also help us to enhance key features of our complex, such as the walking track and the community room.

Thank you for considering this opportunity to sponsor this historic community development. We deeply appreciate your interest and support.

To find out more about how you can participate and contribute to this project, we encourage you to read this brochure, check out our website, and contact members of our Fundraising Committee for more information.

We look forward to hearing from you and thank you in advance for considering this opportunity to sponsor our campaign for fundraising.

Sincerely,

The Central Carleton Community Complex Fundraising Committee

## WELCOME

We are a community lead VOLUNTEER group working with the Town of Hartland and surrounding communities to build a new regional community complex to replace the Hartland arena.

## WHY?

- ✓ Economic Development & Residential Growth
- ✓ Reduces barriers to participation in rural region and proximity to school
- ✓ Enhances wellness and vibrant communities
- ✓ Current facility is 55 years old (*the average lifespan of 32*)

## BENEFITS

- ✓ Accessible to all members of the community
- ✓ Year round usage
- ✓ Enhance program opportunities & usage
- ✓ Indoor walking/running track
- ✓ Multipurpose community rooms & Fitness
- ✓ Standard up to code canteen, dressing rooms, washrooms, entrances, viewing area
- ✓ Climate controlled, energy efficient facility.
